PAYMENT - EMI PROVIDER RELATIONSHIP

We acknowledge and highlight that within the framework, we maintain business partnerships, affiliations and tie-ups with various EMI providers to support our users to finance the cost of purchase. These EMI providers function as distinct and autonomous entities in their operations. It is important to emphasize that our company's role in this arrangement is that of a facilitator.

While we collaborate with EMI providers to offer the convenience of instalment-based payment options to our registered users, it is crucial to recognize that each EMI provider operates independently. They determine their terms, conditions, interest rates, and other associated factors without direct influence from EduBridge.

EduBridge does not exert control over the decisions, policies, or practices of EMI providers. Any interactions, transactions, or disputes arising between our users and the EMI providers are to be addressed directly with the respective EMI provider.

We are committed to enhancing the customer experience by providing access to EMI options through our tie-ups with EMI providers. However, we do not assume responsibility for the actions or outcomes resulting from transactions with EMI providers.

By entering into this agreement, all parties acknowledge the independent nature of the EMI providers and the role of EduBridge as a facilitator in connecting customers with these providers.
